

Day / night control unit

REF : 1556

« The housing allows luminous equipment to operate at night only.

It connects between the lighting equipment and the battery box or the mains power supply.

In ABS, it is equipped with an XLR base, a day/night cell and a one-meter cable with an XLR plug. »

TECHNICAL INFORMATION

Operating mode	Fixed.
Power supply	12 V
Autonomy	NC
Protection	IP 65
Size (L x l x h)	NC
Weight	NC
