

## Lighting triangle 1000 tri-flash Ø 130 with 30 LEDs • Rechargeable battery power supply

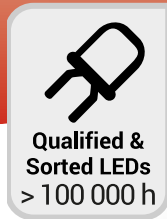

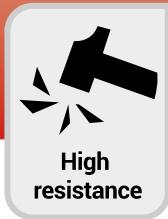

REF : 20238

Made in France

« The AK5 construction site triangle is a safety device used to reinforce the visibility of a work zone. Equipped with three Ø 130 mm optics with 30 LEDs, these warning and marking lights allow effective signaling of interventions in progress on the sides of traffic lanes.

A 3-position switch, located on the case, associated with a day/night cell, allows you to select system shutdown, permanent operation or automatic triggering at nightfall.»

- Very low power consumption.
- Interrupteur 3 positions :
  - › OFF.
  - › 24 h / 24.
  - › Déclenchement automatique à la tombée de la nuit.
- Ø 130 optics with 30 LEDs protected by a polycarbonate lens.
- Adhésif de classe 2.
- Trépied repliable sur lui-même.
- Prééquipé de crochets pour fixer un panneau.
- Autres symboles sur demande.

## ROADWORKS SIGNALING

Range: Sign Lighting Equipments

### Lighting triangle 1000 tri-flash Ø 130 with 30 LEDs • Rechargeable battery REF : 20238

#### New generation optics:

Ultra-thin with only 25 mm thickness, it is nonetheless resistant since it is protected by a polycarbonate lens as well as a black ABS body. It does not fear the construction site. Its size fits perfectly into the body of a police panel. Once in place, nothing protrudes.

#### Efficient technology:

Thanks to LED technology selected to have the best intensity/consumption efficiency and a management box allowing its light power to be adapted according to the ambient lighting, this triflash kit consumes 2 to 3 times less than the others while being much brighter.

#### Folding foot:

The panel incorporates an integral, folding and galvanized foot.

As standard, lugs are available for installing a sign. 700\*200 sign, text of your choice (not supplied).

## TECHNICAL INFORMATIONS

<b>Operating mode</b>	3 modes: OFF / H24 / Night trigger Double flash
<b>Power supply</b>	12 V Rechargeable battery (not supplied)
<b>Autonomy</b>	2 215 hours with a 12 V 75 Ah rechargeable battery - 40 mA
<b>Protection</b>	Optics : IP 67. Housing : IP 53.
<b>Size (L x l x h)</b>	950 x 140 x 950 mm (closed foot).
<b>Weight</b>	9,90 Kg.
<b>Options</b>	Symbol.
